No. 8

Hunter Is Killed at Grass Lake

Shotgun in Hands of Pal Causes
Death of Oscar Zimmerman.

The first fatality since the opening of the duck shooting season in this locality occurred last Friday morning at 6:00 o'clock at Grass Lake when Oscar Zimmerman, 32 years old, 2508 Thomas street, Chicago, was accidentally shot in the back and fatally wounded by his companion Stanley Hlavacek, 2515 Augusta street, Chicago.

After the fatal shooting, Zimmerman died as his companion frantically rowed to shore. Hlavacek not being aware of the fact that his friend had passed away, and had a friend had passed away, had a fellow hunter call a physician. Dr. Warriner, of Antioch, pronounced the hunter dead when he arrived.

Associates for Years.

The two men had been pals for more than ten years in annual hunting expeditions to Grass Lake. Early Friday morning they had left their homes in Chicago and drove to Ray Pregezer's resort at Grass Lake. They had secured a boat and rowed about 200 feet from the shore where they prepared a blind before sunrise and were waiting expectantly to participate in the morning's shoot. As the gong sounded, the official signal that sunrise had arrived, both men stood up in their boat to fire at a flock of mudhens a short distance to their left.

Zimmerman was standing in the boat in front of Hlavacek, and both men had fired one shot, when in some manner in reloading, Hlavacek's 12 gauge pump gun was accidentally discharged, the load striking Zimmerman in the back.

Zimmerman sank to his seat in the boat, and said, "Stan, you shot me." He died a few minutes later.

Hlavacek Near Collapse.

Hlavacek was near collapse several times while telling the story of the fatal shooting at the inquest over the body of his friend, held at Strang's undertaking parlors, Antioch, shortly before noon Friday. The jury returned a verdict of "accidental death from shooting."

Zimmerman was single, and was a street car conductor on Chicago surface lines. He made his home with his mother at 2508 Thomas street.

Death Ends Many Years of Illness

Mrs. Frank Harden Buried at Hillside Cemetery Tuesday.

Mrs. Frank Harden, a well known and highly respected citizen of this community passed away at her home south of Antioch on last Saturday, after having been a long and patient sufferer. Mrs. Harden has been ill for several years, having gone west on two occasions in hope of bettering her health.

Mrs. Harden was born at Avon Center, Ill., on April 5, 1880 and was the eldest daughter of A. J. and Sofia Drury, deceased.

She was married in April 1904 to Frank Harden.

She leaves to mourn her loss her husband, one son, two sisters, Mrs. Mary Hook, of Gurnee; Mrs. Anna Burgess, of Libertyville; three brothers, Lou Drury, Washington; Erwin G., and Ben C. Drury, of Waukegan.

The funeral services were held at the Methodist church at Antioch on Tuesday afternoon, at two o'clock with burial in the Antioch Hillside cemetery.

HALLOWE'EN FUN!

Don't miss the Halloween program and Basket Social at the Emmaus school, two miles southwest of Antioch, on Friday evening, Oct. 29th.

Arlene Barnstable. (9p)

NEWLYWEDS GIVEN MISCELLANEOUS SHOWER

The home of Mr. and Mrs. Edward Jansen was the scene of a very delightful surprise party Tuesday evening when the newlyweds were tendered a miscellaneous shower by a large number of their friends. Games were played after which a dainty luncheon was served. Many beautiful and useful gifts were presented to Mr. and Mrs. Jansen by the guests who departed at a late hour wishing the couple a very bright and happy future. Mr. and Mrs. Jansen are very grateful to their friends for their kind remembrances.

News Notes From Neighboring Towns

The barber shop of Oscar Thomas at Round Lake was burglarized on Tuesday night of last week. Razors, cash and a few other articles were taken. The same night an unsuccessful attempt was made to enter the Amann & Moldor garage.

Gottlieb Henne, former resident of Richmond, was fatally injured last Thursday when the Ford truck in which he was riding on the cement highway north of Lake Geneva collided with a cow, throwing him to the pavement with such force as to fracture his skull. He died two hours later in a Delavan hospital.

The past year has been one of remarkable building progress for the city of Burlington, Wis., the amount of capital invested in new buildings since a year ago being \$452,000. New residences built during the year represent an investment of \$100,000 and business and other public buildings are estimated to have cost more than \$350,000.

Police Chief Clayton Tiffany, of Mundelein, who has been critically ill for the past week following a sudden attack of what was believed to be sleeping sickness, is still in a serious condition at his home. He has been in a periodical coma ever since he was stricken last Wednesday and physicians have been unable to totally revive him.

Considerable activity in real estate circles is reported from the vicinity of Wauconda. Many farms and town properties have changed hands during the past few weeks. The latest and largest project for that locality is the establishment of a game and stock farm by a Chicago gentleman who recently purchased land there for that purpose.

Unable to bear the thought of losing his sight, Grant Barton, 62 years old, a laborer at the Chris Jensen farm, three miles southwest of Libertyville, committed suicide Tuesday morning about 5:30 o'clock by shooting himself in the temple with a 22 calibre rifle. Death was instantaneous, it is believed. He had been having serious eye trouble.

Lack of proper caution at a railroad crossing cost two lives at Burlington last Tuesday when an interurban car crashed into a delivery truck driven by Frank Tenfel, of Waterford, at the Muskego dam station, crushing out the lives of Mr. Tenfel and his five-year-old son, Francis Tenfel. Waterford baker, was making his morning round delivering bakery goods to the various stores.

Mr. and Mrs. H. B. Gaston and Mrs. Harold and Robert spent the week end in Aurora and Elgin visiting friends.

Dr. F. S. Morrell, who has been enjoying a vacation at Chetek, Wis., has returned home and reports an excellent trip.

Mr. and Mrs. Ira Boylan and son Donald, of Chicago, are enjoying a vacation visiting at the home of Mr. and Mrs. Henry Grimm.

Mrs. Vida Mooney spent several days this week in Chicago being called there by the serious illness of her sister, Mrs. Mattax.

Mr. and Mrs. Frank Cook, of Chicago, spent the week end with their parents, Mr. and Mrs. Nick Baker. Mr. Baker is in ill health.

BILL BOOSTER SAYS:

THE MAN WHO WILL NOT BUY A RADIO "UNTIL THEN PERFECT" HAS NO BUSINESS DRIVING A CAR, FOR THE AUTOMOBILE HAS NOT BEEN PERFECTED YET. MY RADIO GIVES ME MORE PLEASURE THESE LONG NIGHTS THAN ANYTHING I EVER OWNED, AND THE WINTER WON'T SEEM SO LONG THIS YEAR.

FOUR YEAR OLD BOY DIPHTHERIA VICTIM

Richard Andrew, four year old son of Rev. and Mrs. Krah, of Antioch, passed away at the Victory Memorial hospital, Waukegan, Saturday evening at six o'clock after only one day's illness of diphtheria.

Mrs. Krah and two children, who had been to New York City to attend the golden wedding anniversary of an aunt, was returning to Antioch Friday and on that day Richard seemed to be contracting a severe cold. Upon their arrival in Antioch a physician was summoned. It was thought best to take the child to the hospital and on Saturday afternoon he was taken to Waukegan where he passed away that evening.

Interment was at Palatine where funeral services were conducted by Rev. Morgan Williams of Evanston and Rev. Stanifer, of Palatine.

Robert, the 20 months old son of Mr. and Mrs. Krah, who is ill with the same disease, is reported to be much better at this time.

AUTO STRIKES CHILD

Mildred Techert, small daughter of Mr. and Mrs. August Techert, of Antioch, had a narrow escape from death when she was run down by an auto at the corner of Main and Lake streets in this village at nine o'clock Monday morning. The child was crossing the street, and falling to see the approaching car, she ran directly in front of it. She was knocked down and the car passed over her.

According to eye witnesses, the accident was unavoidable and the driver, Oliver Hughes, showed exceptional judgment and presence of mind, as he was driving slowly at the time and guided the car so as to avoid striking the child with the wheels. He stopped the car as quickly as possible, and picking up the injured child took her to the residence of Dr. Warriner, where it was found that her arm was badly bruised and her face was scratched and bruised.

She is recovering from the shock of the accident and in a few days will be none worse for her experience.

Mrs. Jessie Erickson, of Grayslake called on Antioch friends Monday.

Mrs. Frank Pitman, Mrs. Belle Hoyt and Ben Eumons, of Chetek, Wis., who have been visiting relatives in this vicinity for some time spent the past week with Antioch and Lake Villa relatives and friends.

Mayor W. H. Blencoe, of Geneva, Ill., President of the board of directors of the Fox river conservancy district, and C. L. Smith, of Aurora, were Antioch callers Monday. They were piloted about the village by J. C. James, fellow board member with the Geneva mayor.

Every Royal Neighbor should make an effort to be present at our next meeting, Oct. 26. Can you blow a soap bubble through a ring? How far can you throw a cork? Can you see the moon over your right shoulder? A Halloween party. Refreshments and entertainment.

Antioch Downs Arlington Heights

Local Highs Wallop Visitors, 38 to 0.
Gurnee Here Saturday.

Antioch won an easy game from Arlington Heights last Saturday by the score of 38 to 0 on Arlington's field. The game was hard fought the first half with Antioch playing the poorest football they have shown this year, and as a result they were only able to score two touchdowns.

In the second half Antioch played much better football and was able to gain ground on every play. The line was opening up big holes for the backs to plunge thru and the interference worked fine on end runs.

In the third quarter Antioch put most of their second team in the game and these boys played good football being able to score a touchdown in the last quarter and were within five yards of another touchdown as the game ended.

Arlington's offense worked good at times and they made some nice gains on end runs and forward passes but could not get within scoring distance. They were weak on defense and due to this Antioch was able to pile up a large score.

On Saturday of this week Warren Township High School of Gurnee comes to Antioch for two games. Warren has a strong team this year and as usual they will put up their hardest fight against Antioch.

This will be Walter Camp day in Antioch and part of the proceeds from this game will be sent to the Walter Camp Memorial Foundation at Yale University for the purpose of helping to build a monument to the memory of Walter Camp, the man who spent his life for the benefit of football.

LAKE VILLA FIVE PLAYS OPENER FRIDAY

The Lake Villa basketball team will play the first game of the season on Friday evening of this week against the First National Bank team of Chicago at the Allendale gym., Lake Villa.

This game is more of a practice game for both teams. The Chicago boys are all ex-college players and are getting an early start, as the winners of this year's amateur team gets a free trip to Europe.

Lake Villa also has a very strong aggregation lined up for this season and have been practicing for several weeks and expect to give the ex-collegians a good battle.

Admission to this game will be free and everyone is invited to attend. Game starts at 8:15.

FARM AUCTIONS

John Irving, having been compelled to quit farming on account of ill health, will offer for sale on the premises known as the Theodore Fraser farm, located five miles east of Antioch and three miles north of Millburn, on Saturday, Oct. 30, at 12:30 o'clock, his personal property, consisting of cattle, horses, chickens, feed and a large amount of farm machinery. Usual terms. Col. Slocum is the auctioneer and J. E. Brook, Clerk.

Wm. A. Bonner, having sold his farm, will sell his personal property at public auction on the premises one-half mile north of Wedges Corner and two miles south of Millburn, on Tuesday, Oct. 26th, beginning at 11 a. m. Included in the sale will be 25 head of T. B. Tested Holstein cattle, 4 horses, quantity of feed, machinery, harness, household furniture and miscellaneous articles. Free lunch will be served at noon. Purchasers will be given privilege of a year's time on bankable notes bearing six per cent interest. Col. L. J. Slocum is the auctioneer, and Robert Bonner, Clerk.

J. Wilson McGee, manager of the Chicago Footwear, is greatly enjoying his vacation, according to word received here by friends. On his way to Mexico, Mo., J. W. stopped off at St. Louis long enough to see the Cardinals wallop New York in a world's series game. He says the crowd was excited. McGee is seeing many old friends.

DANISH SOCIETY TO GIVE HALLOWE'EN DANCE

Another good time is in store for the Danish people of this community and their friends on Halloween, for the Danish Benefit Society has announced another dance to be given in their newly completed hall on Ida avenue, Antioch on that date. The engagement of Prof. Lindstrand's orchestra, of Kenosha that dancers will enjoy the best of music. Admission prices for gentlemen will be 75c and ladies 25c.

Former Wilmot Teacher Shot by Moonshiners

Miss Rosa Perdue Murdered in Colorado—Body Found in Canyon

Wilmot community was shocked a few days ago to learn of the tragic death of Miss Rosa Perdue, former Union Free high school teacher, at her home in Sarcillo, Colorado, where she was shot to death by moonshiners whom she had reported to government officials. The body was found in a canyon where the murderers had hid it.

Miss Perdue went to Wilmot with her mother in 1903 where she was assistant principal of the newly established Union Free high school for two years. Anton Minsart was school principal at that time.

Drafted Kansas State Constitution.

For several years before coming to Wilmot, Miss Perdue had been in educational work for many years, and she was very proud of the fact that she had drafted the Kansas state constitution. After leaving Wilmot she became a state factory inspector, working out of Milwaukee. Then becoming interested in the living conditions of the working girls with whom she came in contact in this work, she established a home for working girls in South Milwaukee in connection with the Big Sister movement.

Six years ago her health failed and she went to Colorado, settling near Trinidad to raise chickens. Discovering wholesale moonshining and bootlegging in the vicinity she informed the authorities of the existing conditions, causing enemies that resulted in her murder.

FORMER RESIDENT DIES IN CANADA

Friends here received word of the death of Alex Hanlan who passed away at his home on Friday, Oct. 15, after being ill all summer. Mr. Hanlan was a former Antioch resident, who with his family moved to Moose Jaw, Canada, about twenty years ago to make their future home.

Word was received here the latter part of the week of the death of Mrs. S. M. Derby, who passed away at her home at Springfield, Mass., on Wednesday, October 13, after an illness of short duration. Mrs. Derby was a sister of Mrs. C. A. Clark of this place also a sister, of W. H. Barber, of Waukegan. The burial took place at LaMont, where she was laid to rest beside her husband who passed away several years ago.

Mr. and Mrs. Geo. Gollwitzer returned home on Sunday evening after spending the past three months at Rhinelander, Wis. During their vacation Mr. and Mrs. Gollwitzer entertained many Antioch friends, among them: Mr. and Mrs. William Hillebrand, Mr. and Mrs. Arthur Rosenfeldt, Mr. and Mrs. Herbert Trieger, Mr. and Mrs. Adolph Posst Sr., and Mr. and Mrs. Adolph Posst Jr., and son.

Dr. and Mrs. H. F. Beebe returned home on Wednesday from their northern trip. They visited in Iowa, and then drove to Cass Lake, Minn., where Mr. and Mrs. Leslie Crandall joined them and from there they drove to Deer Lake, Minn., and spent several days at a hunting lodge, where the fishing and hunting was good. They report fine weather and good roads all the way.

\$6,500 Blaze at Bluff Lake

Building of "Fellowship Rod and Gun Club" Burned to Ground
Monday Morning.

The club house of the Fellowship Rod and Gun Club at Bluff Lake is a mass of ruins following a disastrous blaze which completely destroyed the building early Monday morning.

The flames were first noted by Albert Shepherd who was returning home from Chicago at about one o'clock, and a telephone call was sent from the Tom Hansen home to the Antioch Volunteer Fire Department. The local flame fighters responded in short order, but upon arriving at the scene of the fire found the building nearly burned to the ground. The firemen confined their chief efforts to preventing the spread of the fire to other nearby buildings.

The loss to club members is placed at \$6,500, which amount is partially covered by insurance, it is reported.

BANK BANDITS GET 5 TO 15 YEARS

Leo Draves and Carlos Justeson, Raelne youths, confessed bank robbers who looted the Commercial Exchange bank at Kenosha, October 5, must serve an indeterminate sentence of from 5 to 15 years in the state penitentiary at Waupun. Sentence was pronounced Tuesday night by Judge Belden. The youths began service of their long prison term last Thursday.

RICHMOND TO VOTE ON WATER PROJECT

A special election is to be held in Richmond, November 9, for the purpose of voting on the question of issuing bonds for the installation of a water system for that village. The Richmond Gazette of last week presented a very strong appeal to the voters to support the first big move for improvement in that village. Richmond is receiving great encouragement from progressive people from neighboring towns who would like to see their sister village step into line by modernizing the town. Richmond is really a beautiful town, ideally located, and that the town seems about to emerge from its lethargic state is a source of keen gratification to all progressive citizens.

In the event of the waterworks proposition failing to carry at the election Nov. 9, in all probability it will be many years before any further improvement ideas are advanced in that village.

SMITH TO FIGHT DURAND PARDON

State's Attorney A. V. Smith will contest the attempt being made to obtain a pardon for Jack Durand, ward of the Scott Durands, Lake Bluff millionaires, it was announced by the county prosecutor last week.

Durand has been in the penal institution since Nov. 17, of last year and has served about eleven months of his sentence.

After having been convicted on a charge of robbery Durand was sentenced last October to serve from 3 to 20 years in the state penitentiary at Joliet by Judge Clair C. Edwards.

WILLIAM GIRARD SURPRISED ON BIRTHDAY

About twenty-five neighbors and friends very agreeably surprised William F. Girard last Sunday evening when they called at his home to help him celebrate his birthday. At six o'clock a fine chicken supper was served and at eleven o'clock the company had another delicious repast of fruit and cake.

Mr. Girard received many beautiful gifts. At a late hour the guests departed wishing their genial host many more happy birthdays.

Mrs. Madara Webb and Raymond Webb motored to Pon du Lac, Sunday spending the day with friends returning home Monday afternoon.

WILMOT

Elizabeth Kruckman, of Kenosha, spent the week end with Mr and Mrs. Frank Kruckman returning home with Mr. Kruckman and Lynne Sherman when they went in on Monday to attend the Kenosha county school directors and teachers annual meeting at the court house.

The M. E. Ladies' Aid will give a chicken supper at the M. W. A. hall this Thursday afternoon and evening, October 21st. The ladies have an excellent reputation and their affairs are always largely patronized.

Corrine Lake dislocated one of her shoulders Sunday when she accidentally fell off a barrel.

Mr and Mrs. Will Cole left on the eighth for their home in Louisiana. They were to stop on the way for short visits at Crystal Lake and Elgin. Mr. and Mrs. Cole have spent the summer months in this vicinity and the past month or so with Mr. and Mrs. T. C. Loftus.

The members of the Hillside Club met with Mrs. Earl Ward at Twin Lakes, Saturday afternoon.

Mr and Mrs. George Faulkner and Mr and Mrs. Fred Faulkner attended the funeral of their brother-in-law, George Hockney, at Antioch, on Thursday. Burial was in the family plot at the Wilmot cemetery.

The burial services for Mrs. Geo. Richards, of Silver Lake, were held at the Wilmot cemetery, following services at the home in Silver Lake, Friday afternoon.

Tuesday afternoon the body of John Harm Sr., a former resident of this vicinity was brought to the Wilmot cemetery for interment in the family plot. Mr Harm was 95 years old at the time of his death.

Union Free High School

The newly formed girls' society is laying plans for a Halloween party to be given soon. If present plans are carried out it will surpass any school party given in the past. New stunts, dancing and no little moments are to be on the program.

A big Armistice Day program is being prepared for November 11th, by the combined forces of the P. T. A., American Legion and Ladies' Auxiliary. Mrs. Roy Swenson and Mrs. Arthur Panknin are the committee for the Ladies' Auxiliary and Miss M. Hansen and Miss Peterson represent the P. T. A.

Mrs. David Elfers and Mrs. A. C. Stoxen attended the District P. T. A. convention at Waukegan, Saturday. They were accompanied by Ruth Pacey and Margaret Soxen.

Roland Heskman returned Monday from Philadelphia where he attended the Legion Convention.

His Unlucky Port

A sailor was killed at Gulfport, when he came into contact with a live wire. Waukegan Paper.

Most Perfect Pearl

The most perfect pearl in existence is said to be one, known as "La Pella-gelin," in the museum of Zastina, Moscow. It is a perfectly globular Indian pearl weighing 28 carats. The largest known pearl is one of irregular shape.

Indigestible Dish

There is one dish which must appeal to every child reader of the "Arabian Nights" and that is the cucumber stuffed with pearls which is mentioned in one of the stories. The idea of those priceless pearls bursting through the skin of a cool cucumber must have tantalized many a youngster whose imagination was so fired by the splendid extravagance of the idea that it never stopped to consider what a really unappetizing dish it was.

Great Season For Upland Game

Season for Pheasant, Prairie Chicken, Rabbits, Open Nov. 10.

Game restoration work of the State Department of Conservation promises the greatest season for upland game in the past decade, according to reports received by Director William J. Stratton from all sections of the state.

The season for hunting quail, pheasants, prairie chicken and rabbits open in three weeks, on November 10th. The pheasant season closes November 15, prairie chicken November 21, quail, December 10th and rabbit January 31. Shooting is permitted on the opening as well as closing day. The daily bag limits are quail 12, cock pheasants 2, prairie chicken 3, and rabbit 15. Tremendous increases in the numbers of quail and pheasants and a steady decrease in the supply of prairie chicken show the results of two different systems of conservation. Restrictive laws have been applied to try to save the prairie chicken. A short season at a time when it is almost impossible to kill any has failed to increase or even hold the supply of prairie chickens.

Constructive game restoration has been practiced with quail and pheasants. More than ten thousand quail and almost two hundred thousand pheasant eggs have been distributed by Director Stratton in the last three years. Shooting has been permitted in a reasonable amount and at that season of the year which gives the best sport for hunters. Hundreds of reports from conservative sportsmen as well as personal inspection show that this year's supply of both pheasant and quail is greater than at any time in the last ten years.

Hunters should now start to give their dogs and themselves plenty of exercise, so that they will be in condition to really enjoy this greatest of outdoor sports.

It is also advisable to get in touch with farmers where hunting is to be done and arrange for meals, lodging and permission to hunt. You must have permission before hunting on lands not your own. If the hunters will shoot 'square' and carefully, they will find many farmers will welcome them.

"Nick" and "Notch"

The word "nick," as used in the phrase "nick of time" is a modification of "nock" or "notch," the ancient method of keeping tab on time or money by means of a series of notches in a stick, according to the *Dearborn Independent*.

NOTICE TO CREDITORS

IN THE MATTER of the ESTATE of ELIZABETH ANN SPAFFORD, late of the City of Antioch in the State of Illinois, U. S. A. Married Woman deceased.

NOTICE is hereby given, pursuant to Section 56 of the Trustee Act of the Revised Statutes of Ontario 1914, Chapter 121 that all creditors and others having claims or demands against the Estate of the said Elizabeth Ann Spafford, who died on or about the fifteenth day of April 1926, at Antioch, Illinois are required on or before the thirteenth day of November 1926 to send by registered mail postage prepaid or deliver to the undersigned Sinclair & Sinclair Solicitor for the Administrator of the Estate of Elizabeth Ann Spafford, deceased their Christian Names and surnames addresses and descriptions the full particulars in writing of their claims, a statement of their accounts and the nature of the security, if any held by them.

AND TAKE NOTICE that after such last mentioned date the said executors will proceed to distribute the assets among the parties entitled thereto having regard only to the claims of which he shall then have notice, and that the Administrator will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by him at the time of such distribution.

DATED: at Toronto, Ontario, this seventh day of October 1926.

Sinclair & Sinclair
1110 Temple Building, Toronto.
Solicitors for the said Administrator.

Frederick Lewis Durnan,
of Toronto, Ontario.

On Building

He that alters an old house is tied as a translator to the original, and is confined to the fancy of the first builder. Such a man were unwise to pluck down good old building, to erect, perchance, worse new. But those that raise a new house from the ground are blameworthy if they make it not handsome, seeing to them method and confusion are both at a rate.—Thomas Fuller (1642).

Song of the Cricket

The cricket is perhaps the most famous of all insect musicians. It has certainly won renown, figuring as Fabre says "among the limited but glorious number of classic insects." If it had ancient admirers it has also found modern ones. Fabre wrote of it as though he loved it, and its song is repeatedly heard in Thoreau's journals.

Boy's Idea of Parsons

A youngster's essay on clergymen runs: "There are three kinds of clergymen, bishops, rectors and curates, the bishops tell the rectors to work and the curates have to do it. A curate is a thin married man, but when he is rector he gets fatter and can preach longer sermons and becomes a good man."—Boston Transcript.

NASH

Leads the World in Motor Car Value

A NEW Instrument Board and Greater Front Compartment Convenience

New Nash Attractions

- 7-bearing crankshaft motor—world's smoothest type—powers all new Nash models.
- New-type crankcase "breather" which prevents crankcase dilution.
- Rubber insulated motor supports—(standard Nash practice for some time).
- Motor heat control by new thermostat-water regulator.
- Oil screen "agitator" preventing oil coagulation in cold weather.
- And many other new improvements.

One of the many outstanding advantages offered by the new Nash models is found in the arrangement and appointments of the roomy front compartment.

There is an attractive new instrument board with all instruments compactly assembled in a single panel under glass, indirectly lighted. Further forethought for the driver is shown in the way Nash has located the lever control of the new double-beam headlights on the steering wheel at your finger tips.

Come and see the new Nash models and examine their numerous other new features.

Trevor News

George Higgins, of Wilmet was a Trevor caller Tuesday.

A meeting with the tax payers of Trevor and officers of the Wisconsin gas and electric light company was held at Social Center hall on Monday evening to consider the original plan of lighting the street of Trevor.

Mrs. Copper and son Allen entertained relatives from Chicago over the week end.

Mr. Copper returned home Saturday night, in company with Mr. Sholds of Antioch. They started by auto for Florida but on account of the high water in Illinois were forced to abandon the trip.

Fourteen carloads of western sheep were unloaded at the stock yards Monday night.

Mrs. Charles Hartnell and daughter, of Antioch, passed the past week with her parents, Mr. and Mrs. Daniel Longman.

Mrs. Charles Götting and Mrs. Joseph Smith were Antioch shoppers Tuesday.

Miss Florence Dalton, of Silver Lake, called on Miss Patrick Tuesday.

Mrs. George Patrick entertained the Willing Workers, Thursday afternoon. They will meet with Miss Sarah Patrick in two weeks.

Mr. and Mrs. Ambrose Runyard, Mr. and Mrs. William Evans attended the funeral of Mr. George Hocknek, of Antioch on Thursday afternoon.

Mr. Henrich, of Chicago passed the week end in Chicago.

Mrs. Mary Henrich, of Chicago, passed the week end with her parents, Mr. and Mrs. Fred Hoff.

Those present at Social Center hall on Friday afternoon to hear Miss Meloche, of Madison, speak were very much delighted with her topics. She plans to be at Trevor the first part of November to give another talk. Everybody is invited. Don't miss it.

Mr. E. V. Ryall, the agricultural agent of Kenosha, county attended the meeting at Social hall on Friday afternoon.

Mrs. Byron Patrick and sons Robert and Ray, of Salem, were dinner guests of Mr. and Mrs. George Patrick, Sunday.

Mrs. Kate Van Osdell and son William, of Chicago, passed the

week end at their cottage.

Mr. and Mrs. H. Houman and daughter, of Racine, passed Sunday with Mr. and Mrs. Klans Marks.

Mr. and Mrs. Eugene Runyard, of Waukegan, passed Saturday evening with their parents, Mr. and Mrs. Ambrose Runyard.

Mrs. Price, of Chicago, is passing the week with Mrs. Williams Evans. The Misses Blanche, Ruth and Beatrice Dalton, of Silver Lake called on Miss Patrick, Saturday.

Mr. and Mrs. Fred Shreck passed Thursday and Friday with Mrs. Shreck's mother, Mrs. Oswald, of Forest Park, Ill.

Mr. and Mrs. Wm. Evans attended the funeral of their cousin, Mrs. Caroline Bohm at Wilmet Catholic church on Wednesday morning.

Mrs. Henry Lubeno returned home Sunday after spending the past two weeks with her sister, Mrs. George Swan, of Topeka, Kan., and with Mrs. Charles Wyman, of Chicago.

Mrs. Elizabeth Myers and daughter Evelyn were Racine and Kenosha shoppers Saturday.

The Mesdames Joseph Smith, Charles Götting, Harry Lubeno, Joseph Zmerly and Elizabeth Myers were Kenosha shoppers Thursday.

Mr. and Mrs. Ambrose Runyard visited their nephew, Mr. Will Sears, of Union Grove, Saturday.

Mr. Norman Poole, of Minneapolis, and Mr. Lehman, of Lake Villa, called at the stock yards office Wednesday.

Mrs. Daniel Longman visited her father, Mr. John Drury, of Antioch, Thursday.

Mr. L. H. Mickle was a Chicago passenger, Friday.

Mr. and Mrs. Fred Forster and children autoed to Chicago, Sunday to visit relatives.

Mr. Sidney Cropley, of Racine, was a Trevor caller Monday.

The teachers, school board and officers P. T. A. attended a convention in Kenosha, Monday.

Mr. and Mrs. John Polze entertained the former's parents and sisters, of Milwaukee and Chicago on Sunday.

Mr. and Mrs. Pepper entertained cousins from Chicago over the week end.

Mr. and Mrs. B. T. McCanna and Mr. and Mrs. H. A. McCanna and baby, of Oak Park, spent over Sunday with the former's sister, Mrs. Ed. Filson.

Mrs. C. Wertz and Mrs. Velzens, of Antioch, called on Mrs. Filson, Monday afternoon.

Miss Anna Filson spent over Sunday at her home.

Pawning Manuscripts

In ancient times manuscripts were important articles from a commercial point of view. Lenders considered them among their most precious objects for pawn. A student of Pavia, who was in need of funds, raised money by leaving in pawn a manuscript of a body of laws and a grammar, who was ruined by fire rebuilt his house by means of two small volumes of Cicero and a pawnbroker. —Market for Exchange.

Quart of Perspiration

The British army manual of sanitation for 1926 advises that if a soldier carries more than one-third of his own weight in baggage he will soon tire and require increased food. It also says that, in marching, a soldier can lose, "by perspiration alone," nearly a quart of water during a march of eight miles, even in a temperate climate.

Mrs. Frank Mastne and Mrs. Chris Mortensen were in Waukegan Wednesday and attended the Majestic theatre.

Miss Elizabeth Webb attended a D. G. A. R. luncheon at the Hotel LaSalle, Chicago, on Tuesday of this week.

Survey Bares Loss in Church Building

Washington.—The bureau of labor statistics of the United States Department of Labor has just completed the compilation of data relating to building permits issued during the first six months of 1926 in 78 cities, each of which had a population of 100,000 or over, according to the census bureau estimate of July 1, 1925.

In these 78 cities which have an estimated population of 31,577,223, permits were issued for new house-keeping dwellings to accommodate 207,231 families in the first half of 1926. This is at the ratio of 65.6 families per 100,000 of population. The average per capita expenditure for new house-keeping dwellings in this six months' period was \$28.43.

More money was spent in the 68 cities for apartment houses, hotels, factories, public buildings, public works, utilities and schools in the first six months of 1926 than in the corresponding period of 1925, while less was spent for one-family dwellings, two-family dwellings, office buildings and stores. While the amount of money spent for amusement buildings in the 68 cities increased from \$45,250,987 in the first half of 1925 to \$47,388,929 in the first half of 1926, or 4.8 per cent, the amount spent for churches decreased from \$22,212,351 in the former period to \$14,431,180 in the latter, a decrease of 35 per cent.

Expense Account of 135 B. C. Is a Foot Long

London, England.—Prof. Francis W. Kelsey of the University of Michigan is returning to the United States with a remarkable collection of ancient documents, ranging in date from the middle of the Third century B. C. to the end of the Sixth century A. D., which has been presented to the university by Oscar Welber and Richard H. Welber of Detroit. The collection was brought together in Egypt and comprises more than 350 documents. The language is chiefly Greek, but there is a select group of Coptic documents. Among the dated documents is a complete expense account of the year 145 or 135 B. C., one foot in length and three and three-quarter inches wide.

Re: First National Bank
Antioch, Ill.

Dear Mr. Lux:

It has been the custom of this office, if we have been pleased with work, to notify the parties interested and we wish to take this opportunity of complimenting you very highly and your electrician affiliated with the above mentioned work.

Every lead seems to be in the proper position and that part of the equipment under your contract furnished and spotted in its exact position.

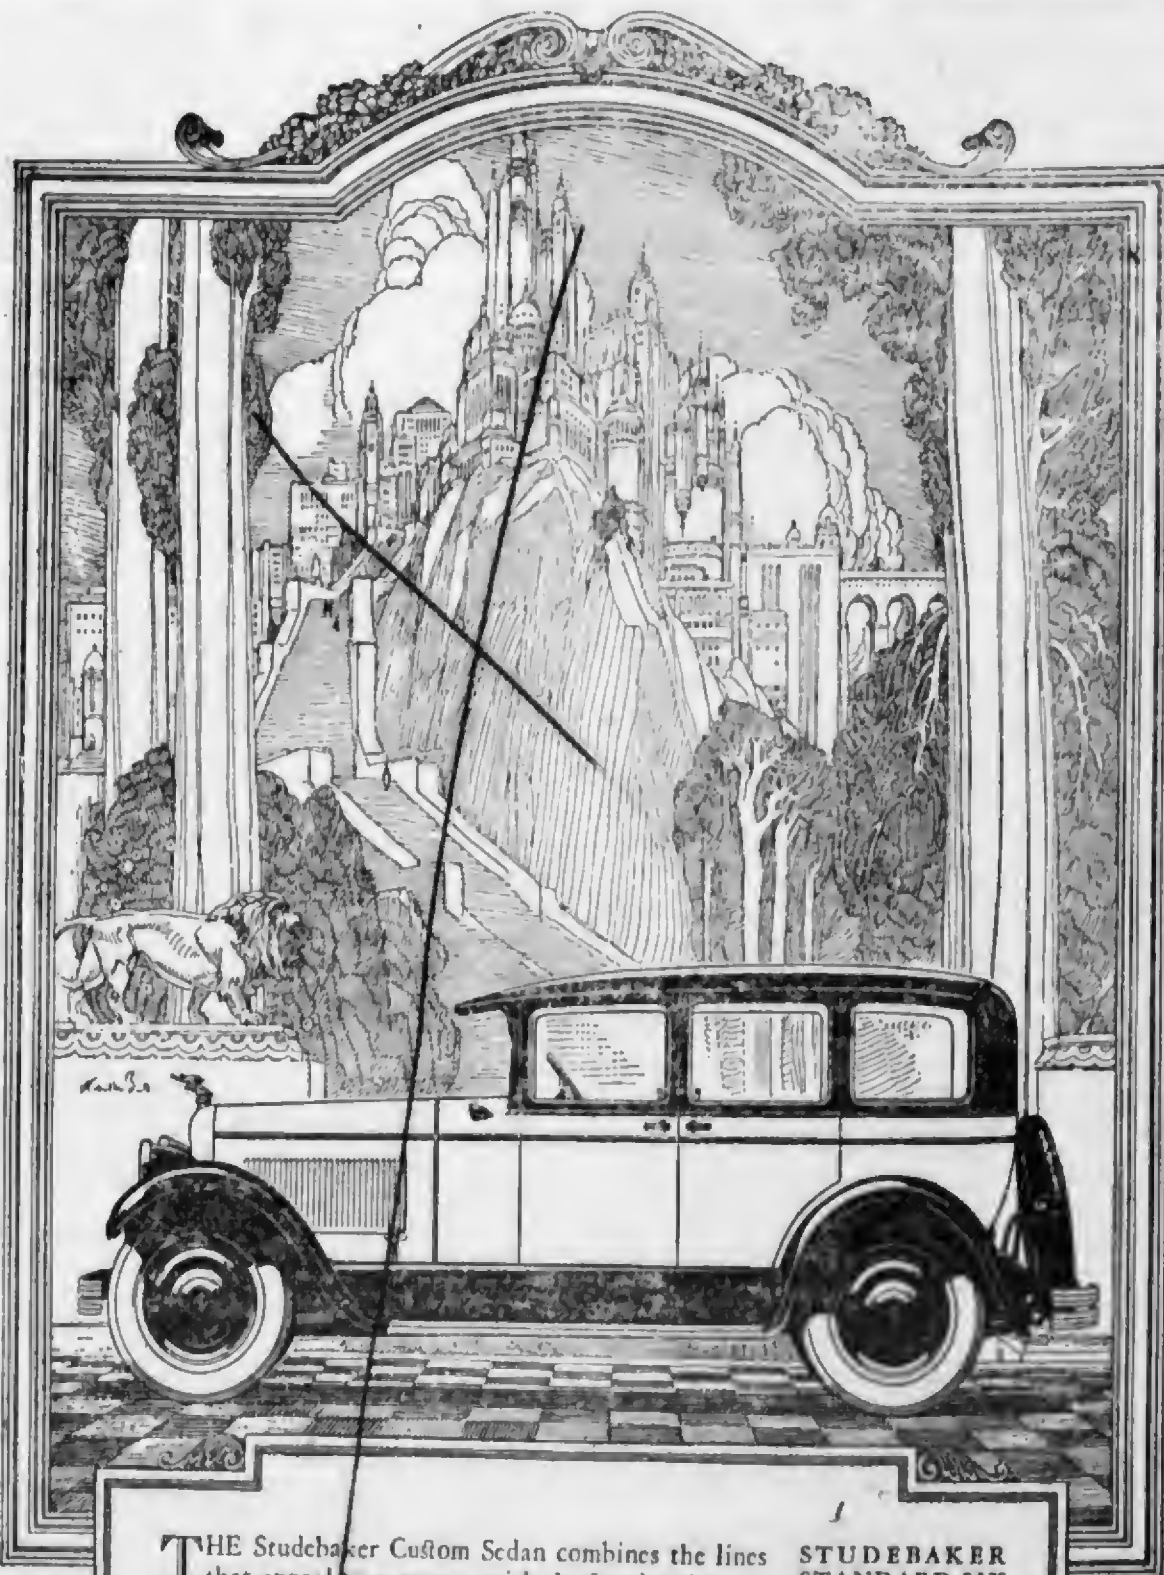

Our only regret is, that you are not, at this time, handling a few of the bank structures which are under construction. We certainly trust that we shall have the pleasure of working with you on other work.

If, in the future, you have work in this vicinity which you are figuring on, we should be very pleased to recommend you highly to any one interested in your particular branch.

Assuring you that our association with you throughout this work has been very pleasant indeed, we are

Very truly yours,
Oppenhamer & Obel,

By W. A. Oppenhamer.

An Editorial

Why is it that a very few will take away privileges from a large body of people? Just because they do something foolish with the privilege or else take too much advantage of it.

Many of the students who attend High School live some distance away and come by automobile. A number of them go to town for their lunch. They drive there at a decent speed and behave themselves while they are there. Others tear out of the driveway hardly looking to see if anyone is coming on the highway, they make a dive into town, when they arrive everyone knows it. After buying ice cream or candy they race back to school, to find they have forgotten someone or something, usually nothing, and start at a breakneck speed back to town and so continue until school calls. The same racing is again started after school.

Why can't these people go to town properly and make themselves as inconspicuous as the other folks? They just haven't time, that's all, or in other words they don't care and don't want to have time, they want everyone to know that they are living and coming. Why? I don't know. People know it any way.

Because of these "don't cares," haven't got time people," no one can take his car out at noon without personal permission from the principal which makes it very inconvenient for everyone and especially hard for those who have time and prefer it to a life.

Editorial

Courtesy Among The Students

A little more courtesy among the students seems to be missing each day. At the noon-hour, I think it is understood that the teachers should be served before the students, but I noticed some students regard themselves as teachers already. And passing from class to class one must be on the lookout, all the time, fearing the heavy tread of some fellow-student who considers his presence in class more important than the leg or arm of a fellow-student.

I think that each class ought to organize and form a club, to try to encourage the students to be more courteous to each other and to their teachers. Your courtesy is the first thing that is noticed by other students. It is by this they form their opinion of you.

School News

School was dismissed Tuesday because the chimney for the furnace is not completed. We resumed school on Wednesday morning.

As it is the end of the first six weeks of school, the latter part of the week was taken up, largely with examination.

Wednesday the pupils from the senior English class played "News Reporters." They went to different classrooms to spend half an hour, to report on the doings of the class. At the end of the time they returned to class and gave reports. One report in which everyone was interested was the one on the new building.

The large percent of the juniors were disappointed in their rings. It seems these rings are not like the sample they were shown when they ordered them.

Harold Britton, a former student of the high school, visited school Friday afternoon before leaving for Urbana.

Friday morning the fourth period Latin class held class out in the sunshine due to Miss Smith's room being cold.

Orchestra

The orchestra started practice on the "William Tell." Overture last

week and Mr. Stark is having part practice in order that we may complete the piece sooner as it is long and hard.

Mr. Stark is securing for the Orchestra this season a number of snappy marches; last year we had only two but at the end of this year we will have worked up a number of them and will be ready for any performance.

Chorus—Personale

William Schwenk, Russel Spicer, Arlee Gullette, Robert Wilson, Emil Hallwas, Homer Tiffany, Charlie Michell, Joe Bernolffo, Herbert Ghan, Donald Cremin, Arthur Dalziel, Howard Mastne, Georgia Bacon, Mary Herman, Edmee Warner, Virginia Hachmeister, Ethel Barthel, Amelia Bernolffo, Dorothy Brogan, Jean Abt, Clara Michell, Glenna Roberts, Marguerite Manzer, Doris Bruinfield, Mae Sehora, Dorothy Hughes, Elizabeth Hughes, Elizabeth Barthell, Bernice Daugwill, Francis Daugwill, Esther Stearna.

The Chorus practices two days a week. It has in those two days sixty minutes of practice. Recently the members have been given two new pieces: "Love's Old Sweet Song," and "Juanita." Last week they were working on a song which is quite appropriate, "The school-room song." The songs are usually practiced first in the Glee Clubs, in the separate parts, and that saves a waste of time and work in the short period of chorus practice.

Take It From Palatine

Basket ball practice has already started at Palatine, they're trying hard for the cup in the Little Seven Conference this year, so far they've got the jump on us as we are playing football. But wait till Antioch plays them, we hope they won't be discouraged by being defeated.

Palatine has some very bright boys and girls attending their school as these indicate:

Kellis—"Gosh Freshy, how did you get that ink all over yourself?" Dayton—"I was writing a theme about automobiles and it was so realistic that my fountain pen backfired."

Rich Boy—"Over in our yard we have a lilac bush fifty feet high." Poor Boy—"Gee, I wish I could lilac that."

We wish Palatine's jesters would meet Antioch's in a combat sometime.

Home Economics Club

The home economics club held a meeting Wednesday, at the fourth hour, the constitution was read and those who had not joined at the last meeting, joined Wednesday.

Everyone paid her dues and this money was used to pay the fee for joining the state club; which is three dollars.

Bertha Sehora gave a very interesting and instructive talk on "The Art of Entertaining and Being Entertained," which was enjoyed by all.

Agricultural News

The Ag. Club had their weekly meeting the third period Wednesday at the high school and there was a very interesting program furnished by the boys. The speakers of the meeting were Elmer Moser, Philip Simpson, Homer Edwards.

The Club this year are going to put another movie on at the Antioch Theater. We are trying to get Red Grange in one of his super productions. As you remember last year we had Harold Lloyd in the Freshman which seemed to be a great success.

Please watch for the date. The grade school boys are trying to get baseball games with the Ag. Freshmen boys. Some competition what say!

Mr. Kuttill and Elmer Barthell helped at the Gurnee poultry show with Mr. Kuttill as judge.

News Topic—Humor

Humor Editor—"I want some contrits, who knows a good joke." Voice in rear—"Joe Bernolffo." Freshman—(Going into meat market.)

"I want a four pound pot-roast, well done."

Mr. Jones—"I see your wife ran away with the ice man."

Mr. Smith—"Darnt, no more ice."

Glee Club—Personale

Alto—Adella Reatner, Dorothy Hughes, Glenna Roberts.

Second Soprano—Mary Herman, Mae Sehora, Edmee Warner, Marguerite Manzer, Doris Bruinfield.

Soprano—Clara Michell, Georgia Bacon, Marion Wille, Amelia Bern-

olffo, Louise Simons, Virginia Hachmeister, Dorothy Brogan, Jean Abt.

When the girls sing two part songs the second Soprano section breaks up and the girls divide some going into the first Soprano and others into the Alto group. The Glee Clubs are intending to be more select this year than ever before. The number which has been decided upon as the easiest to handle is twelve; and as soon as the instructress can decide some will be eliminated.

The original members are to be included in this judgment. The girls are allowed three unexcused absences, and if that limit is disregarded, they will be automatically dropped.

Recently they have been quite intent upon choosing a pin for their club. The selection has not been made yet, as they are waiting to see the samples of the pins.

The game between Antioch and Arlington Heights was witnessed by few Antioch students, Miss Helen Bauck and Mr. Le Roy Stark were the only members of faculty to see the one sided game. The Freshies present were Esther Barthel and John Duffield, and the Sophomores, Dick Folbrich, Glenna Roberts was the only Senior there.

A son, Arthur, was born Friday, October 8, to Mr. and Mrs. Jack Wright at the St. Mary's Hospital, in Chicago. Mrs. Wright will be remembered to her many friends as Marie Rothers, ex '27.

Miss Sigworth was an Evanston visitor over the week end.

Mr. Jepson and Mr. Stark were Chicago visitors this week end.

Mr. L. O. Wright, of the class of '15 attended Homecoming at the University of Illinois this week end.

Harry Willett, Jake Drum and Harold Britton, of Antioch High School Alumni, was the Homecoming game at Illinois, Saturday.

Boys Glee Club

The Boys Glee Club hopes to make a public appearance soon. The boys are all anticipating this and working hard to make it a success.

A high school conference meeting was held at Palatine last week. It was then decided to have Glee Club competition with some of the other High Schools in the conference.

The Boys Glee Club is now working on a four part song by Saint Saens "The Swan."

"Speed Ball"

There are two games played under the name of speed ball. One is played in Maryland, and another in Michigan. Speed ball, as played in Michigan, originated with D. Mitchell, in charge of intramural sports at the University of Michigan. Speed ball in Maryland originated with the Playground Athletic league as a result of suggestions from Harry P. Clarke, game expert of Winnetka, Ill.

Invention of Champagne

Dom Perignon, a Benedictine monk, who was appointed cellarer to his monastery in 1668, fell upon the idea of "marrying" the different wines produced in the vineyards around him. Champagne was the result.

Hogarth an Ad Writer

Hogarth, the famous British artist and caricaturist, was at one time an advertisement writer. Before the days of newspapers the enterprising shopkeepers used hand-drawn or trade-men's cards which bore the name of the shopkeeper and carried wording or pictures to describe his business. A collection of these old tradesman's cards has been found to have been drawn by Hogarth.

CRITICS COMPLIMENT NEW PARAMOUNT FILM

"A definite step forward." That's what the critics are calling Paramount's latest production, "Variety," which comes to the Antioch Theatre on Sunday, Oct. 24. Attention is called to the remarkable "sets" and backgrounds against which the picture was taken. The photography is said to be unlike anything yet attempted. Direction is reported as being on a par with the best America has yet turned out. And the acting of Lya de Puill and Emil Jennings, the two featured players, is meeting with universal recognition.

"Variety," which was produced by Ufa in Germany, is, as its title denotes, a story of the vaudeville stage.

WOMAN'S CLUB HAS INTERESTING MEETING

The Woman's Club was royally entertained on Monday at the home of Mrs. Warriner. About thirty-eight were in attendance, and the meeting was interesting and full of pep.

Mrs. Lamb of the Salvation Army made a short talk on some of the work done by her organization and Miss Waterman, nurse, connected with the Lake County Tuberculosis Society, also spoke of the work done by that organization.

Vocal numbers were given by the Misses Hachmeister and Simons, accompanied at the piano by Miss Chard, their teacher.

The very good looking Little Year Books were on hand and distributed among the members.

For those interested, it was decided to continue the Card Parties at King's Drug Store again this year, thank to the kindness of Mr. King who makes this possible.

Each side of the Attendance Contest had the same number present, so the score is tied. There's going to be some excitement over the contest before the year is over, as the losing side must entertain the winners.

Following the adjournment, dainty and delicious refreshments were served with Mrs. Ernest Brook and Mrs. Vos presiding over the coffee and tea.

The next meeting will be held in Waukegan, on the afternoon and evening of November 1st. A large attendance of Antioch members is desired, and no one need stay at home for lack of a way to get there for Mrs. Hachmeister will see that transportation is furnished to anyone desiring it. Let's show the other Clubs of the district that Antioch has a loyal, enthusiastic membership.

INFANTS SAVED BY PHTHISIS VACCINE

A Treatment Developed in France Reduces Deaths.

Washington.—Infants have been successfully vaccinated against tuberculosis, Dr. B. Welle-Halle, associate director of the school for child welfare of the College of Medicine, Paris, said before the National Tuberculosis association convention.

"B. C. P." is the name given the substance used in vaccinating infants, said Doctor Welle-Halle. "It has resulted in the reduction of mortality to less than one per hundred the first year of life, whereas the mortality among children of the same age not so vaccinated and reared in contaminated families is at least twenty-five per hundred."

The reports were based on the experience among infants in France, Great Britain, Belgium and Sweden.

"This treatment is not a cure for tuberculosis," Doctor Welle-Halle stated. "The vaccination is performed only upon infants and immediately after birth. Up to the present, only a very small number of deaths from tuberculosis is reported, or of diseases presumed to be tuberculosis. Our data as yet are insufficient to determine the probable duration of immunity. We know only that very precise experiments with calves and monkeys, as well as observations on children vaccinated since 1921, show that resistance to infection due to cohabitation with contagious tuberculosis persons continued for three years and perhaps longer."

The preparation of the vaccine used is highly technical and must be safeguarded by many precautions in the laboratories.

Professor Calmette's original vaccine was propagated through 230 generations, thus attenuating its virulence. The result was a living tuberculosis germ so weakened that it no longer possessed the faculty of forming tuberculosis, but retaining its ability to create what are technically known as anti-bodies—substances having an antagonistic effect upon the germs of the disease.

Heroine of Gold Rush Is Aged and Destitute

Colton, Calif.—"Mother" Woods, who carried the news across Alaska that a great gold strike had been made on the spot which soon became Nome, wants to take in washings so that she may eat.

Mrs. C. W. Chase, as "Mother" Woods is now known, left the North with \$50,000 in her money belt. Adversity began with the loss of her fortune and was followed by the disappearance of her husband after an automobile accident.

Friend of Rex Beach, Jack London and Rex Rickard in the North during the gold rush days, Mrs. Chase declares she can do no good a washing as anyone, in spite of her seventy years. She says she was the first white woman to set foot in Nome, and that she was "Anna Black" of Rex Beach's "The Spoilers."

Mrs. Chase heard and heeded the call of the North in 1894 and lived in Alaska for 22 years, with only infrequent visits "outside." As Mrs. Woods, before her marriage in Dawson to C. W. Chase, she became known over all Alaska as "Mother" Woods, friend of the sourdough. It was while carrying letters and newspapers from "back home" to the sourdoughs in the interior that she spread the news from St. Michael to Dawson that gold had been struck on the Berling strait coast.

Eating of Horse Meat Increases in Prussia

Berlin.—More horse meat is being eaten in Prussia today than at any other time in history, not excluding the war period when horses were slaughtered because there was little other meat available. The ministry of agriculture reports that the increased consumption is not due to a great relish for horse steaks, but to distressing economic conditions. The consumption of horse flesh increased 30 per cent this year over the corresponding period in 1925.

Peter-Piper Puzzles Replace Cross-Words

London.—Now that the crossword puzzle, which swept across England from America, leaving a trail of thumbed dictionaries in its wake, has spent its force, England has turned to Peter-Piperisms for solace.

Peter-Piperisms are alliterative sentences containing at least eight and not more than twelve words, each of which begins with the same letter.

"Since short skirts still seem stylish, silk stockings shouldn't sag" is the contribution of one alliterative expert.

Another hopes, "May many more manly miners, marry methodical maids, make much money."

Other tongue-twisters are: "Mr. Manager, money might make Maud marry my miserable Max—Max's Mother." "Stephen, shyly stroking Sylvia's shining singlet, seemingly surmises smiling Sylvia's single" and "Lilly likes licking lumpy licorice."

RUBBER TREE FOUND IN FLORIDA GARDEN

Raises Hopes in Minds of Plant Experts.

Washington.—Considerable excitement has been aroused among the rubber experts of the United States Department of Agriculture here over the discovery by O. F. Cook, department rubber expert, of a twenty-five-year-old Brazilian rubber tree growing in a yard at Palm Beach, Fla. While they decline to state that this indicates the possibility of large-scale rubber plantation operations in the United States proper, the mere existence of this tree so far out of the equatorial zone, hitherto thought to be its only possible home, gives rise to suggestions which they think should be acted upon at once.

Experiments That Came to Grief.

Experimental plantations of rubber seedlings in Florida twenty years ago all came to grief, and last winter an unusual cold snap severely injured most of the seedlings at the Department of Agriculture's experimental farm at Coconut Grove and killed a part of them outright. It has, therefore, been assumed that the Brazilian species is extraneous to cold and would not survive in even a subtropical climate. To all this, the discovery of a twenty-foot-high tree, with a trunk between three and four inches thick, has proved very upsetting.

An outcome of this indication of hardiness, on the part of at least some of the Brazilian trees, of more practical and immediate importance than attempts to grow rubber in Florida, will be the investigation of the possible adaptability of the species for cultivation in the border-line tropics, such as Mexico and the West Indies.

Hevea Hardier Than Castilla.

There is already some indication that Hevea, the Brazilian tree, is harder than the Mexican rubber tree, Castilla, for last winter's frost at Coconut Grove had worse effects on Castilla seedlings than it had on seedlings of Hevea in neighboring rows.

In the meantime, the department is fastening a search in other parts of Florida for Hevea trees, similar to the Palm Beach specimen, which people may have set out as ornamentals. They point out that the Palm Beach location is not the best kind of habitat for the species, since Hevea is predominantly a tree requiring shelter, and that the inland hardwood groves, or "hammocks," would afford this better than a coastal location swept by sea breezes.

Aircraft Industry

Gains Rapidly

Philadelphia.—Manufacture of aircraft in the United States has assumed the proportions of an important industry in recent years. Seventeen years ago Orville Wright sold his first airplane to the United States government. Last year the American aircraft industry turned out products to a total value of \$12,277,000.

The growth is significant, according to the Daniel Guggenheim Fund for the Promotion of Aeronautics, which points out that present activity in the construction of aircraft represents peace-time stimulus of war activity. In this respect progress figures of the last twelve years are illuminating.

In 1914 the total value of all aircraft products of the United States was only \$789,872. The war gave such an impetus to the aircraft industry that by 1919 the total value of aircraft products had mounted to \$14,373,000. With the inevitable deflation of the post-war period, aircraft production shrank in two years to little more than \$6,650,000.

The years that followed 1921 have seen a recovery, however, which has been quite as striking as the deflation. Whereas production fell in two years to considerably less than half of what it had been at the close of the war, another two years saw the low figure of 1921 almost doubled.

Leave for South Africa on Star Study Trip

Ann Arbor, Mich.—Prof. William J. Hussey of the University of Michigan, accompanied by Mrs. Hussey and Prof. and Mrs. Richard A. Rossiter, will leave New York on a year's expedition to South Africa, there to map the double stars of the southern hemisphere.

The expedition is the culmination of plans laid nearly a decade ago. Robert P. Lamont of Chicago offered to finance a 27-inch telescope, but the making of the lens was delayed by the World war and then by the death of workmen selected to do the polishing. The instrument was not completed until last year. It was set up here and tested and then dismantled and sent to South Africa.

The observations will be made from a lonely hill in the Orange Free State, a site selected by Professor Hussey after a tour of South Africa.

Cut Down on Clothes

Philadelphia.—American men are buying fewer clothes because of purchases of automobiles, radios, oil-burning heaters, electric refrigerators and what will you have on the installment plan, retail clothiers have been informed in convention.

Lake Villa News

Mrs. Madsen entertained the luncheon club at her home Thursday afternoon.

We seem not to have been clear on the R. N. meetings in our notice last week, so this is the schedule—on the second Tuesday of each month the meeting will be an evening meeting and on the last Tuesday of each month the meeting will be held in the afternoon. Next week Tuesday, the 26th the Lake Villa Camp is invited to meet with Grayslake Camp in the evening. All members please take notice.

Mr. and Mrs. James Kerr went to Bloomington last Friday for a visit with their son Edgar and family there, returning Sunday evening.

Mrs. Hooper and children spent Monday in Chicago.

The children of the Primary Dept. of the M. E. Sunday school were entertained at a party at the home of Mrs. C. B. Hamlin last Saturday afternoon, and the little folks had a good time.

Mr. and Mrs. Wm. Walker entertained several relatives from the city over Sunday.

Mr. and Mrs. Fred Burke have moved for the winter to the Peacock house on the south west side of Deep Lake.

Mr. and Mrs. Best were Waukegan callers last Saturday.

The teachers of our school had visiting day on Monday, so the pupils enjoyed the vacation.

Wm. Walker was in northern Wis., a few days the first of the week to buy cows.

The parsonage is being re-decorated all through for the parsonage family who arrived from Peotone on Friday. Al Boehm is doing the work.

T. B. Rhoades is adding to his ice house to accommodate his increasing business.

Lee Sherwood has torn down his old barn, and will build a modern garage.

CHRISTIAN SCIENCE CHURCHES

"DOCTRINE OF ATONEMENT" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, October 17.

The Golden Text was from Romans 5:1, "Being justified by faith, we have peace with God through our Lord Jesus Christ."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "He that overcometh, the same shall be clothed in white raiment; and I will not blot out his name out of the book of life, but I will confess his name before my Father, and before his angels. Behold, I stand at the door, and knock: if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me. To him that overcometh will I grant to sit with me in my throne, even as I also overcame, and am set down with my Father in his throne." (Revelation 3:5, 20, 21).

The Lesson-Sermon also included the following passages from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight... I have kept the faith,' because you are a better man. This is having our part in the atonement with Truth and Love" (p. 21).

King's Whim Prevents

Death of Royal Party

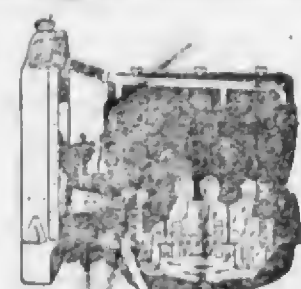

Bucharest.—A sudden whim of King Ferdinand saved a boatload of royalty from possible serious injury or death.

With former King George of Greece, Prince Christopher of Greece and several of his nephews and a Hohenzollern princess, King Ferdinand was motor-boating at Braila, on the Danube. The king's entourage followed the royal boat in another craft.

King Ferdinand decided that he and the members of the royal party would take the boat occupied by his entourage. Hardly had the change been made when the engine on the royal launch exploded, injuring several persons.

Always in Session

There is one school that's always in session. "The school of experience" is open 24 hours a day—365 days in the year. This school is always crowded and many bitter lessons are theirs who have not benefited by the records of history and the experiences of others. Every one knows this class.—New Albany Tribune.

The Buick Vacuum Ventilator pulls noxious engine vapors out of the crankcase.

New luxury is added to Buick ownership by this remarkable device. It keeps the air inside the car free from disagreeable engine fumes.

And it prevents dilution of crankcase oil.

Every Buick model has the Vacuum Ventilator, and many other vital improvements.

A business meeting of the Mystic Workers was held at the Fred Lavey home last week and the following officers elected. Prefect, Elsie Krueger, Monitor, Alice Castle, Marshall, Mary Butrick, Secretary, Mark Castle, Banker, Jean Thorne, Warden, Charles Butrick, Sentinel, Nels Nelson, Supervisor, Deborah Lavey. Refreshments were served. The next meeting will be held with Mr. and Mrs. Charles Butrick.

Mrs. Fred Thorne and Mrs. Abe DeVust went to Madison over the week end to visit their daughter, Miss Dorothy, who is attending University there.

Miss Ruth Dixon who is in Kenosha, studying to be a nurse, spent

New York.—With the skyscrapers of each year being lost in the shadows of the taller ones erected in the next, the designer who wishes to plan a distinctive building no longer can rely upon superior height alone.

Most of the cities of the United States are seeing their "tallest buildings" eclipsed, one after the other as the result of a construction trend which has been gaining momentum for several years.

In the past, especially in the early part of the century, the erection of a building taller than any of its neighbors, or taller than any in the same town, was a guaranty that it would stand out prominently for a considerable time.

"World's Tallest" Record.

In New York city several buildings successively acquiring the title of "tallest" held it long enough to gain national reputation. The American Surety building, one of the first downtown skyscrapers, was followed by the Flatiron building, and then by the Singer building. The title of "world's tallest" was then captured by the Woolworth, which held it unchallenged until the planning of the 81-story new Bank tower in Detroit.

Most of the cities of America today are witnessing similar processes of "overtopping." In Cleveland the new Union Terminal tower will rise 711 feet, considerably higher than the previous tallest building, except the Woolworth building.

The peak of the Brooklyn skyline was for years at 23 stories, the height of the Chamber of Commerce building. Suddenly it went to 28 stories with the Court Reuben building, and scarcely was this completed when work was begun on a new 30-story structure, and another, which is to go to 35 stories, all within a few blocks of one another. In nearly every section of New York city buildings which previously stood out as isolated skyscrapers are today surrounded by taller ones, like groves of trees.

Try for Distinction.

When this overtopping occurs a structure can still hold its rank as one of the "leading buildings" through distinctive features other than height. Architects now plan to insure permanent prestige for the buildings they design by modern floor plans and lighting effects, exteriors made attractive by skillful use of terra cotta and other decorative materials, efficient elevator facilities and generally convenient equipment throughout.

Care is also being taken to avoid the buildings' ever assuming an appearance of "oldness" by the use in many cases of facing materials which can be washed with soap and water.

Population Increase

The rate of increase of the population of the world is approximately 0.0150 per cent, which doubles the population every 6015 years and would in 16,000 years give the number 22,184 followed by 46 ciphers. Either this rate of increase must be very much greater than has existed in past history of the world, or vast numbers of human beings have been blotted out by catastrophes at various times.

First Lesson in Geography

The Anglo-Saxons gave names to localities from their supposed resemblance to parts of the human body, as headland, a neck of land, a tongue of land, the mouth of a river, the brow of a hill, an arm of the sea, and so on. Hattuesen was once known as Peter's Eye, or Peter's Island; Chelsen was Choles-eye, and Bernandsey was Bernand's eye, all of them having been originally islands.
